

Vortex Fountain w/ Fire

[INSTALLATION INSTRUCTIONS](#)

vortex fountain with fire

sku: G-VRTXw/fire
height: 50 in.
width: 42 in.
depth: 42 in.
weight: 507 lbs.
color show: blackwash

Step 1: Place basin over the gas line if applicable. Glue Black PVC pipe into the coupler in the basin. Run a bead of silicone around the PVC pipe for extra sealing.

Step 2: Run the pump cord, electrical cable and gas line through the PVC pipe and out the back of the basin.

Step 3: Attach flexible gas line

Step 4: Level the basin with shims.

Step 5: Attach the PVC part to the pump.

Step 6: Place top piece into the basin, run electrical and gas line through the top.

Step 7: Attached 5/8" Clear tubing to the ball valve and attach the ball valve to the 1/2" PVC, located inside the top piece and connect the clear tubing to the pump.

Step 8: Attached flexible gas line to the Vulcan (automatic fire ignitor) and attach electrical wires. Make sure you use pipe thread sealant on all gas attachments.

Step 9: Place Vulcan into the top of the top piece and fill the fountain with water. Make sure the flexible gas line does not get kinked. **(DO NOT PUT WATER INSIDE WHERE THE VULCAN IS LOCATED!)**

Step 10: Connect electrical cable to the remote box and plug it into the wall. Also, plug fountain pump cable into an outlet.

Step 11: Turn gas on and use the remote to turn on/off the Vulcan.

Step 12: Enjoy!

 <p>DANGER</p>	<p align="center">CARBON MONOXIDE HAZARD</p> <p>This appliance can produce carbon monoxide which has no odor.</p> <p>Using it in an enclosed area can kill you.</p> <p>Never use this appliance in an enclosed space such as a camper, tent, car or home.</p>
	

 **DANGER**

If you smell gas:

1. Shut off gas to the appliance
2. Extinguish any open flame.
3. If odor continues, keep away from the appliance and immediately call your gas supplier or fire department.

 **WARNING**

Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or other appliances.

Any LP cylinder not connected for use shall not be stored in the vicinity of this or other appliances.

WARNING

Do not leave unattended during use.
 Do not use for cooking.
 Follow all gas leak procedures in this manual prior to operation.

 **WARNING**

Improper installation, adjustment, alteration, service or maintenance can cause injury or property damage. Read the installation, operating and maintenance instructions thoroughly before installing or servicing this equipment.

WARNING

If the information in these instructions is not followed exactly, a fire or explosion may result causing property damage, personal injury or death.

FOR YOUR SAFETY

Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or other appliances.
